

## **Gulf Coast RC&D Grass Fed Genetics Seed Stock Sale:**

**What:** The RC&D covering Baldwin, Escambia and Mobile Counties in Alabama is sponsoring a Grass Fed Genetics Seed Stock Sale. It is open to the world to consign and purchase. The RC&D will be assisting local producers and producers in the state of Alabama to purchase these forage efficient cattle at the sale. We are actively seeking producers of quality grass efficient cattle including the breeds of Hereford, Senepol, Shorthorn, South Poll, Red Angus, Black Angus, Red Devon, ½ Red Devon, to consign. This is designed to showcase these outstanding cattle and provide an opportunity for commercial producers to access top genetics for sustainable and profitable production..

**When:** September 4, 2010 Sale begins at 1:30 PM

**Where:** Carol Hodgson Multipurpose Arena  
43421 Pine Grove Road  
Bay Minette, Alabama 36507

**Who:** Mr..Kyle Baggett and Mr. Randall Hastings in conjunction with the local RC&D covering Baldwin, Escambia and Mobile counties are hosting this event. 12 Stones Grassland Beef has been contracted to source the cattle and work with them in managing the sale. Anyone interested in purchasing these kind of genetics as well as interested consumers wanting to learn more are invited to attend. **We are looking for quality grass genetic seed stock producers to consign.** Some of the top leaders in the industry have already committed.

**Why:** A quality eating experience and nutrient density are in demand by today's consumer of beef. The hosting body recognizes the need to make available to local and partnering producers the kind of genetics that have been recognized as the future of the beef industry. We are soliciting those kind of cattle from leaders in the grass fed seed stock industry. This will be a rare opportunity to view and purchase cattle from a variety of breeds that have distinguished themselves as fitting the model for gourmet beef from grass. These cattle will work for you as they are or can be a part of a fantastic F1 terminal cross program.. Come see the selection of top performing cattle to draw from to advance the profitability of your cow herd.

**To consign: Contact Bill Roberts at (615) 428-4771 or (309) 714-8789**
